Subject: Safety of students in educational institutions.

Memo:-

It has been observed that generally students enter the campuses of educational institutions well before the start of institution and also remain in the campuses even after the institutional hours. At many times disciplinary problems occur resulting in fights/ skirmishes and other unsavory incidents among the students.

In order to avoid such incidents it is hereby decided that atleast one teacher may be put on duty half an hour each before and after the school hours to maintain discipline in the campuses and teachers so put on duties may be compensated by sanctioning cumulative compensatory leave as admissible under rules in lieu of this duty. The compensatory leave so earned may be availed in the same month. Otherwise also, safety of students has to be ensured in any eventuality during institutional hours by the institutional management.

This may be brought to the notice of all concerned for compliance. Any laxity will invite disciplinary action.
